## June 29<sup>th</sup>, 2012 (Villa Romanazzi Carducci)

8.30 – 10.30 Parallel sessions

### Airlines and airports I – Discussant: Alberto Iozzi

*Market structure, countervailing power and price discrimination: the case of airports.* J.E. Haskel (Imperial College Business School), A. Iozzi (University of Rome “Tor Vergata”, T. M. Valletti (Imperial College Business School, University of Rome “Tor Vergata”)

*Combined effects of load factors and booking time on fares: insights from the yield*

*management of a low-cost airline.* M. Alderighi (University of Valle D'Aosta, Bocconi University), M. Nicolini (University of Pavia), C. Piga (University of Loughborough)

*Airlines' price discrimination in captive markets: a preliminary analysis.* C. Capozza (University of Bari)

*Cheap flights to smaller cities: good news for local tourism? Evidence from Italy.* A. Alivernini, A. D'Ignazio, A. Migliardi (Bank of Italy)

## **Combined transport and logistics I – Discussant: Alberto Milotti**

*Tecnologie di movimentazione orizzontale delle merci al supporto del trasporto combinato.* A. Milotti, C. Vaghi (Bocconi University)

*An offline timetable scheduling technique for railways service level optimization: a case study.* N. Costantino, M. Dotoli, M. Falagario, N. Epicoco, B. Turchiano, F. Sciancalepore (Polytechnic of Bari)

*Information exchange in global logistics chains: towards a new model of customs compliance.* A. A. W. Veenstra (TNO, Delft)

## **Urban transport I – Discussant: Giacomo Borruso**

*Urban transport in ageing societies: an assessment of the state of the art.* I. Cusano (University of Genoa)

*Analisi della disuguaglianza nella dotazione di servizi di trasporto pubblico locale in Italia.* C. Burlando, E. Ivaldi, A. Tei (University of Genoa)

*An investigation of LPT "captive" users: women and elderly. Preliminary results.* C. Bovio (University of Bari)

*A new methodology to analyze public transport.* A. Tiso (University LUM "Jean Monnet, Casamassima - Bari)

10.30 – 10.45 Coffee break

10.45 – 11.30 Keynote lecture: "Traffic Dynamics in the Morning Rush Hour: Beyond the Bottleneck Model", Richard Arnott (Department of Economics, University of California - USA)

11.30 – 13.30 Parallel sessions

## **Airlines and airports II – Discussant: Claudio Piga**

*Passengers' choice mechanism under airline competition: low cost versus traditional airlines.* N. Gualandi, L. Mantecchini, F. Paganelli (University of Bologna)

*Low cost carriers and foreign tourism inflows: a cointegrated VAR analysis for Italy.* A.

Migliardi, V. Di Giacinto (Bank of Italy)

*Airlines' pricing strategies and market conditions.* A.S. Bergantino, C. Capozza (University of Bari)

## **Infrastructures I – Discussant: Lanfranco Senn**

*Il Piano Integrato Infrastrutture e Mobilità della Toscana: modelli e metodi per la valutazione dell'impatto economico e sociale.* G. Gori, P. Lattarulo, L. Piccini (Istituto regionale Programmazione Economica della Toscana)

*Logistica e politiche di sviluppo pubbliche 2007-2013: I risultati di un osservatorio sulle regioni convergenza.* A. Casolaro, A. Panaro (Studi e Ricerche per il Mezzogiorno)

*Indicatori territoriali di innovazione. Cosa raccontano i dati.* M. Capriati (University of Bari)

*The location factors of the Italian transport and logistics investments in the European countries.* E. Maggi (University of Molise), I. Mariotti (Polytechnic of Milan)

## **Tourism and transport – discussant: Elena Maggi**

*Low-cost air carriers and tourism: the case of Pescara.* P. Beria (Polytechnic of Milan), E. Maggi (University of Molise), I. Maltese (Polytechnic of Milan)

*Sistema dei trasporti e fruizione turistica dei beni culturali in Calabria: una metodologia di valutazione dell'accessibilità.* G. Critelli, G. Musolino, C. Rindone (University "Mediterranea" of Reggio Calabria)

*The complementarity between tourism and transport: An empirical evidence in Italy, Sardinia and Sicily.* F. Palmas (University of Palermo)

*A destination choice model for tourism purpose.* E. Valeri (University of Trieste)

13.30 – 14.30 Lunch

14.30 – 15.15 Keynote lecture: "The economics of the family: mobility and residential location choices", André de Palma (Ecole Normale Supérieure de Cachan - France)

15.15 – 15.45 Coffee break

15.45 – 17.45 Parallel sessions

## **Regulation and network industries – Discussant: Federico Boffa**

*Asymmetric incentives of private and public firms to labour-saving technical progress: evidence from the Italian motorways industry.* L. Benfratello (University of Naples "Federico II"), A. Iozzi (University of Rome "Tor Vergata"), M. Piacenza (University of Turin)

*Regolazione decentrata e servizio concentrato: le ferrovie regionali viaggiano su un binario stretto.* C. Bentivogli, E. Panicara (Bank of Italy)

*Strategic investment in merchant transmission: the impact of capacity utilization rules.* F. Boffa (Free University of Bolzano), F. Sala (Bocconi University)

*Efficient provision and funding of congestible infrastructure – the case of the transportation infrastructure.* J. Pauser (Institute for Employment Research)

## **Infrastructures II – Discussant: Richard Arnott**

*The paradox of World Bank infrastructures privatization in Sub-Saharan Africa.* A. Foch (University of Paris 1)

*Infrastructure, regional competition and development.* P. J. Stauvermann (Changwon National University, South Korea)

*Efficiency in regional investments in R&D: implications for territorial growth.* C. Capozza, A. De Carlo (University of Bari)

*Railway infrastructures and passengers mobility: the case study of Apulia.* R. Murgolo, E. Venezia (University of Bari)

## **Maritime and port I – discussant: Marisa Valleri**

*Improving the competitiveness of intermodal transport: applications on European corridors.* M. Grosso (University of Genoa)

*Port of Bar: status, trends and perspectives.* B. Dragović, M. Škurić, R. Meštrović, S. Papan (University of Montenegro)

*Effetti del rallentamento globale sui servizi di linea.* C. Ferrari, A. Tei (University of Genoa)

*Le performance nei porti di Bari e Brindisi: prime valutazioni dell'impatto economico territoriale.* C. Lisi, M. A. Valleri (University of Bari)

**18.00-18.30 – Prize in memory of prof. Vincenzo Li Donni**

**18.30 – 20.00** General assembly (for non member SIET, visit to Bari Vecchia)

**20.00 – 23.30** Social dinner

## **June 30<sup>th</sup>, 2012 (Villa Romanazzi Carducci)**

**8:30 – 10:30** Parallel sessions

## **Transport and Environment – Discussant Edoardo Marcucci**

*Modal shift and health impact assessment of PM10.* E. Pieralice (Isfort), L. Triolo (Otherearth)

*The role of transport supply in the acceptability of pollution charging extension - The case*

of Milan. P. Beria, M. Boggio (Polytechnic of Milan)

*Cost benefit analysis of policy package for the development of electromobility in Germany: methods and results.* J. Massiani (University of Venice "Ca-Foscari")

*Two birds with one stone: the intermodal transport chain its governance for reduction of CO<sub>2</sub>.* N.G. Bukivc, A. Garzoni (University LUM "Jean Monnet, Casamassima - Bari)

## Urban transport II – Discussant: Romeo Danielis

*Urban freight policy impact analysis: own account in Rome's LTZI.* E. Marcucci (University of Rome 3), A. Stathopoulos (TRANSP-OR Lausanne)

*La mobilità casa ateneo dei residenti e dei domiciliati a Trieste.* L. Rotaris, R. Danielis, F. Capodieci (University of Trieste), I. Sarman (University of Italian Swiss)

*City logistic: nuovi servizi per una città libera e attraente.* A. Loporcaro, M. A. Valleri (University of Bari)

*Quale intervento per la mobilità sostenibile nel quartiere Murat di Bari? Primi risultati di una procedura partecipata di valutazione.* S. Franceschini (Technical University of Denmark), G. Marletto (University of Sassari)

## Maritime and port II – Discussant: Angela S. Bergantino

*The impact of port throughput on local growth: evidence from a panel of European regions.* A. Bottasso, M. Conti, C. Ferrari, A. Tei (University of Genoa)

*Australian coastal shipping: will a change in rules lead to a change in investment opportunities for shipowners?* H. Bendall (MariTrade)

*Inter-regional spillovers of seaports: the case of North-West Europe.* O. Merk (OECD), W. Manshanden (TNO), M. Dröes (TNO, Utrecht University School of Economics)

*The geography of economic flows in Italian ports (2003-10).* V. Torbianelli (University of Trieste)

10.30 – 10.45 Coffee break

10.45 – 12.00 Parallel sessions

## Infrastructures III – Discussant: Elisabetta Venezia

*Regolazione, integrazione e policy transfer nel settore dei trasporti.* F. Carlucci (University of Salerno), A. Cirà (University of Messina)

*Gli investimenti per le infrastrutture di trasporto.* A. Affuso, G. Nannariello (Italian Ministry of Economics and Finance)

*Priority for investments in the transport sector: approaches to the evaluation of outcomes and applications.* E. Venezia (University of Bari)

*Land Pooling: a sustainable approach to land management.* D. Jawad, C. Saad (Notre Dame University - Louize, Lebanon)

## **Urban transport III – Discussant: André De Palma**

*Housing market prices: capitalisation of efficiency in local public service provision. An application with data on Italian urban transport related expenditures.* A. S. Bergantino (University of Bari), F. Porcelli (University of Bari, University of Warwick)

*Short run vs long run fare elasticities in local public transport (LTP): evidences on the main determinants from the city of Perugia.* S. Bigerna (University of Perugia), P. Polinori (UTIU University – Rome)

*Household travel-behaviour analysis and subjective well-being. Reviewing the role of activity based approach models.* F. Spizzichino (University of Rome 3)

*Commuting time and accessibility in a joint residential location/workplace/job type choice model.* A. De Palma (Ecole Normale Supérieure de Cachan, France), N. Picard (University of Cergy-Pontoise, France), I. Inoa (THEMA-UCP)

## **Combined transport and logistics II – Discussant: Ennio Forte**

*Recyclable waste collection and transport: costs calculation.* C. Lisi (University of Bari)

*Two logistic models: logistics boosting productivity in western economies and failed in the Eastern Block.* R. Vahrenkamp (University of Kassel – Germany)

*Integrazione logistica dei servizi intermodali in ambito portuale e competitività nel mercato dei servizi ro-ro.* E. Forte (University of Naples “Federico II”), L. Siviero (University of Catania)

12.00 – 13.00 Debate and conclusions

13.00 – 14.00 Light lunch

14.30 Departure for Trani and Giovinazzo (return to Bari at 20.00\*)

\*The visit will take place if there are at least 30 participants
